

**FOR IMMEDIATE RELEASE:**

**NEW YAVAPAI COLLEGE AND NORTH-AIRE FLIGHT TRAINING PROGRAM  
CLEARED FOR TAKEOFF**

Enrolling now for Spring semester

*Prescott, Arizona – October 20, 2011* - North-Aire Aviation, LLC is pleased to announce it has been chosen to provide the flight-training component of Yavapai College's new Professional Airplane Pilot Flight Program. Starting in January this relationship allows both veterans and civilians to couple an Associate of Applied Science Degree with advanced flight certifications, providing a career path into the aviation industry. This program allows veterans who qualify for the post 9/11 GI Bill Program to take fixed wing flight courses through Yavapai College.

Through our program's unique partnership with Yavapai College, veterans and civilians alike will have access to an FAA-certified Part 141, Part 61 flight school. North-Aire has been in business since 1973 as a Cessna pilot center providing private pilot through ATP certificates to students representing all 50 states and 47 countries. Other certificates offered include high altitude and aerobatic training as well as seaplane ratings and tail wheel endorsements.

For more information on this new flight training program, contact Renee Alanis at the Yavapai College Admissions Office ([reneealanis@yc.edu](mailto:reneealanis@yc.edu)). Individuals interested in learning more about Yavapai College Aviation Degree programs should visit [www.yc.edu](http://www.yc.edu). North-Aire can be reached at (928) 445-8320, [info@northaire.com](mailto:info@northaire.com), or [www.northaire.com](http://www.northaire.com).
